"FUSER is a landmark game for Xbox, the first and only distributed game engine to equip the game industry! It is put out by D0duct Games, the project developer not by some limited media coverage, but by an indepth and professional game development team, " it said in the Press release. "Because it is impossible for us to have DVRs everywhere, FUSER MAX is designed to meet user's requirements. You will never need to plug the media recorder into a USB port because it automatically uploads the game data when your USB cord is unplugged."
